- (1) official transcript
- (2) supporting letters
- (3) medical documentation (if applicable)
- (4) IEP (if applicable)
- (5) any documentation/evidence to substantiate a hardship or extenuating circumstance exists

C. The RIIL Executive Director (or designee) shall upon the basis of the completion of the waiver request and documentation provided determines whether the waiver shall be granted or not granted.

- (2) A negative decision may be appealed before the Waiver Request Hearing Committee.

D. Waiver Request Hearing Committee

- (1) Waiver requests are addressed by the Waiver Request Hearing Committee. This committee consists of four members (high school administrators) selected by the Principals' committee on Athletics and the Chairperson of the Principals' Committee on Athletics. A majority vote of the members present is required for a decision. Hearings are held in August, October, and February, or at special meetings called in order to accommodate all waiver requests.

E. Appeals of decisions made by the Waiver Request Hearing Committee will be heard by the Principals' Committee on Athletics. Principals Committee on Athletics meetings are scheduled for August, September (if needed), November, January, March and June. In extenuating circumstances, which would cause undue hardship, these Rules may be waived by 60% of the members of the Principal's Committee on Athletics present and voting. See Article 8, Section 4, paragraph B.

F. Waivers are exceptional and extraordinary relief from the Rules and Regulations of the RIIL. The applicant must convince sixty percent (60%) of the Committee present and voting of the extenuating circumstances constituting undue hardship. Undue hardship means a hardship peculiar to the student-athlete or individual caused by unforeseen events beyond the election, control or creation of the student-athlete or individual, his/her family, or school. The Committee interprets undue hardship particular to the situation of the individual which is so severe that normal application of the Rule(s) is not, in the opinion of the sixty percent (60%) of the members voting, necessary to carry out the spirit or the orderly enforcement of the Rule.

G. All requests for a waiver of Rules, with all documentation complete, must be received in the RIIL office by noon on the first Friday of the month in which a hearing is sought. A waiver request that is submitted to the RIIL in accordance with this paragraph shall be placed on the agenda for the next meeting of the Waiver Request Hearing Committee or the next full Committee meeting and shall be heard at that meeting. If the waiver request is resolved to the requesting party's satisfaction prior to the full Committee meeting by the Waiver Request Hearing Committee; (Which shall be designated by the Chair pursuant to paragraph 'E' of this section.) it shall not be heard at the full Committee meeting. In emergencies, the Chair can add a waiver request to the agenda, notwithstanding the above requirement.

H. In cases where a waiver of any rule is sought on the basis of disability, a waiver may be granted, as set forth above; if the student-athlete is able to show that his/her inability to meet the RIIL rule(s) is the result of a disability, and that s/he otherwise meets all of the essential requirements of participation in RIIL competition with or without a reasonable modification. The party making a waiver request shall state on the request form that a disability is claimed and specifically identify the disability and hardship. The party making the request shall also provide the Committee with all appropriate evidence documenting his/her disability and hardship, including medical evidence and any applicable IEP.

I. Limitations:

- (1) No retroactive waiver may be granted.
- (2) No waivers will be considered of the requirement that the student-athlete must not have completed a course of study at a high school or the equivalent.
- (3) Financial waivers may be considered if the financial hardship involves bankruptcy, receivership, death of a parent, or other extenuating circumstances.
- (4) Age waivers will be considered only if extraordinary circumstances are supported by a valid, in place and complied with IEP addressing the disability, which resulted in the grade placement. No waivers will be granted to permit a student-athlete to exceed the maximum number of seasons set forth in Article 3. The student-athlete must at all times be in compliance with the IEP and the RIIL's academic rules. If the IEP ceases or compliance ceases, then the waiver ceases.
- (5) Waivers of Article 3, Section 4C, may be granted only when the repeating of the school year is caused by an illness that is medically documented and results in significant loss of school time. In no case shall a waiver be granted if the waiver results in the student-athlete having more than four (4) seasons of competition in a given sport or three (3) seasons of competition in a three-year high school.

J. H. The Chair or the Executive Director shall review all waiver requests as filed and shall dismiss any request found to be procedurally or substantively without merit or on its face ineligible for consideration by the Committee. No such request shall be placed on the agenda unless a written demand by two Committee members is presented.

K. Hearings before the Waiver Request Hearing Committee or the full Committee are conducted in an informal manner that affords all parties an opportunity to present all information and all relevant arguments. A party requesting a waiver may be represented before the Committee or Waiver Request Hearing Committee by an attorney or other designated representative at their expense. Unduly repetitious evidence may be excluded. All evidence offered by a party will be included in the file of the proceedings. The evidence will be available for inspection by the party requesting a waiver or his/her designee.

- L. A party requesting a waiver in advance of the hearing may request that the hearing be transcribed at their cost and expense. If the request is granted, the Committee shall be provided a copy of such transcript at no cost to the Committee.

- A. Any violations of the Rules and Regulations may result in the enactment of any and/or all of the provisions of Article 6 by the Committee, and/or combinations of conditions or restrictions the Committee finds effective in enforcing these Rules and Regulations.

#### Section 19. AMATEURISM - DEFINITIONS AND LOSS OF AMATEUR STANDINGS

- A. A student who represents a school in an interscholastic sport shall be an amateur in that sport. An amateur athlete is one who engages in athletic competition solely for the physical, mental, social and pleasurable benefits derived there from. An athlete forfeits amateur status in a sport by:
  - (1) competing for money or other monetary compensation (allowable travel, meals and lodging expenses may be accepted).
  - (2) receiving any award or prize of monetary value which has not been approved by the Rhode Island Interscholastic League.
  - (3) capitalizing on athletic fame by receiving money or gifts of monetary value in affiliation or connection with activities involving the student's school team, school or the Rhode Island Interscholastic League (scholarships to institutions of higher learning are specifically exempted).
    - (a) This provision is not intended to restrict the right of any student to participate in a commercial endorsement provided there is no school team, school, or Rhode Island Interscholastic League affiliation.
    - (b) The student is prohibited from appearing in the uniform of the student's school and may not utilize the marks, logos, etc. of the school, or the Rhode Island Interscholastic League as part of any endorsement.
  - (4) signing a professional playing contract in that sport.
- B. Accepting a nominal standard fee or salary for instructing, supervising or officiating in an organized youth sports program or recreation, playground or camp activities shall not jeopardize amateur status. "Organized youth sports program" includes both school and non-school programs. Compensation for giving private lessons is permissible if approved by the state association. A high school student who loses amateur status may apply to the League for reinstatement in the interscholastic program after waiting a period of one (1) year.
- C. Only awards of no intrinsic value and approved by the Rhode Island Interscholastic League may be accepted by a high school student-athlete as a result of participation in school or non-school competition in a sport recognized by the League.
- D. Individual interscholastic athletic awards and similar mementos for athletes shall be limited to those approved and administered by the institutions, approved League sponsors, or the Rhode Island Interscholastic League in keeping with traditional school requirements as to what constitutes an acceptable award.
- E. Participation under an assumed name in any athletic contest shall make the student ineligible for one (1) year.

#### Section 20. CONFLICT OF INTEREST POLICY

- A. The RIIL requires that each person serving as a committee member, agent or staff member perform his or her duties without influence or the appearance of influence by any other business or financial interest.
- B. Potential conflicts of interest include, but are not limited to, a person's direct financial or close personal interest in a company or product which could be affected by a decision of a committee on which the person serves. An interest in a sport camp, sporting goods manufacturer or insurance company holds potential for a conflict.
- C. The RIIL is not critical of such interests. It merely requests that persons disqualify themselves from service to the RIIL on matters relating to such interests.
- D. If a committee member, agent or staff member should have or develop a conflict of interest, such person shall:
  - (1) Immediately identify the conflict in writing to the Executive Director; and
  - (2) Remove himself or herself from any discussion or decisions involving the matter in conflict. In case of doubt about the existence of a conflict, a member should submit the questions and the relevant facts to the Executive Director for a decision.

#### Section 21. AMENDMENTS OF BYLAWS AND RULES AND REGUALTIONS OF THE RHODE ISLAND INTERSCHOLASTIC LEAGUE

- A. Amendments of Bylaws and Rules and Regulations of the Rhode Island Interscholastic League may be submitted by any member school.   - (1) **Rationale:** An effective emergency action plan (EAP) should be in place as a prompt and appropriate response to any emergency situation that can save a life. The EAP should be resigned and practiced to address all teams (freshman, junior varsity and varsity) and all practice and game sites.
- G. When possible, an athletic trainer should be present at all practices and games.
  - (1) **Rationale:** An athletic trainer is a key component in any strategy to minimize injury risk and optimize safety for all participants.

In the absence of medical coverage for any home contest in the above sports, the home school Athletic Director shall notify the visiting Athletic Director no less than 48 hours prior to the event. In the event that the scheduled medical coverage cancels within 48 hours prior to the event, the Athletic Director shall notify the visiting Athletic Director as soon as possible.

### Section 3. RESPONSIBILITIES FOR INTERSCHOLASTIC ATHLETICS

- A. Each Principal is responsible to the Committee in all matters pertaining to interscholastic sports, including the eligibility of students. S/he may delegate authority only to regular members of his/her staff, but this does not relieve the Principal of ultimate responsibility. No interscholastic games may be scheduled or performed without the approval of the Principal.
- B. Proof of and maintenance of eligibility (See Article 3) is the exclusive and continuing obligation of the member Principal.
  - 1) In investigating any complaint, or in the review of any request, or in the conduct of any hearing, the burden is specifically placed on the member Principal to make certain that the individual student(s) involved be notified and given an explanation of the rules, of the hearing procedure, and of their right and opportunity to attend all hearings.
  - 2) Proof of eligibility is the affirmative burden of the member Principal. The Principal has the obligation to come forward with all evidence and testimony necessary for the establishment or maintenance of eligibility.
  - 3) Notice of the Committee's decision will be given in writing to the Principal, who will in turn forward copies to the individual(s) involved. At that time, the Principal will explain the decision along with the rights and obligations as set forth in the Rules and Regulations.
  - 4) The obligation of notification, presentation, and explanation as set forth in this article apply to all eligibility issues and apply equally to dealings with the Executive Director as well as the Committee.

5) Schools are responsible for the health, welfare and safety of all athletes' home, away and tournament games.

C. The Principal or his/her authorized representative shall accompany the school team to all athletic contests. The authorized representative may be either a faculty member or administrator, but in no case a student.

- 1) Playoff Finals Attendance: If a school is involved in a Rhode Island Interscholastic League playoff "Final(s)", the Principal and or his/her designee must be present. The Principal and or designee must introduce themselves to the game supervisor(s) and game officials prior to the game(s). The Principal and/or designee will be responsible for monitoring the schools' students and teams.

D. The home team is to be held responsible for conditions involving spectators and shall always have present an authorized representative of the school to take this responsibility.

- 1) The home team should provide an adult game supervisor at all home events. In particular, an adult game supervisor must be present at ice hockey, basketball, field hockey, lacrosse, baseball, softball, football, soccer, volleyball and wrestling contests. The supervisor shall not be a student nor a coach involved with the game. The supervisor shall identify himself or herself to the game officials thirty (30) minutes prior to the start of the game. The supervisor shall be responsible for game administration *and crowd control. They should notify police, and rink representatives to seek appropriate assistance. In the event of a problem, he/she must notify the RIIL office the next day and submit a written report detailing the incident(s).*
- 2) NOTE: Due to the fact that hockey games are played off-campus, and the availability of school personnel to supervise is limited, the Committee recommends that schools assign supervision to games that involve rival teams or to games which may present fan issues.
- 3) Schools, through assemblies, bulletins, or other means by which they are accustomed to influence student opinion, should strive to bring about good sportsmanship on the part of the spectators. Principals should impress upon coaches the responsibility and influence that their remarks, actions, and attitude have on their players and the spectators. There should be a sharp line between enthusiastic partisanship and riotous conduct. Unusual noisemakers, unorthodox cheers, and all such disturbing influences should be discouraged on the part of school directors. (See Article 12 – Sportsmanship).
- 4) Where necessary, police protection should be present, and no hesitation exercised in ejecting from any school game any spectator, or group of spectators, whose conduct cannot be controlled by a warning, and whose further presence is prejudicial to the interest and/or outcome of the game.
- 5) The Committee guarantees cooperation (to all Principals of the high schools of our State) in the arrest and prosecution of any spectator(s) who commit any assault or crime at any of the games which come under the jurisdiction of the RIIL.

  - i. Note: Feeder School is defined as the public high school in the district in which the student resides.

- 5) All other requirements of the Rules and Regulations must be followed with the regular school certifying the eligibility of the home school student

## L. Cooperative Teams (updated March of 2023)

### 1) BACKGROUND

- a. Various positive factors have motivated schools to create ways of saving existing programs and of establishing new ones, in an effort to increase overall participation in interscholastic sports. Philosophically, high school sports are school based educational athletic opportunities, but the RIIL has traditionally attempted to make reasonable rules for the common good of all student-athletes involved in interscholastic sports.
- b. Member schools must consider many different factors before deciding whether a cooperative team should be formed. A shift from school teams to cooperative teams may change the way a school handles communication, insurance, supervision, contracts, coaching positions, eligibility standards, educational values, discipline, budgets, facility use, etc.
- c. Recognizing its ongoing commitment and responsibility to both member schools and to their individual student-athletes, the RIIL has strived to accommodate the needs of both. The overwhelming motivation of cooperative teams has been to allow member schools to work together to analyze the interests of their students and potentially provide additional participation opportunities, while staying true to the mission that high school sports are school based educational athletics.

### 2) POLICIES AND REGULATIONS

- a. Regulations: Completion of the RIIL Coop Team Application
- b. The joint application includes:
- c. The application form signed by the principals of all cooperating schools designating the name under which the cooperative team will compete and identifying the host school, which will assume full responsibility for the administration of the coop team.
- d. A report of the number of students, if any, from each of the cooperating schools who have been participating in the sport involved, in programs offered on a non-cooperative basis by their own schools.
- e. A statement expressing the reasons for the formation of a cooperative team.
- f. Written assurance that the cooperative team will not limit or lessen participation opportunities for students in any of the cooperating schools. A no cut policy must be in place.
- g. Eligibility lists from the previous season in the sport in question.

### 3) Application deadlines for cooperative teams during a given school year:

- a. Seasonal Deadlines:
  - i. Fall sports -1<sup>st</sup> Friday of March
  - ii. Winter sports -1<sup>st</sup> Friday of July
  - iii. Spring sports – 1<sup>st</sup> Friday of October
  - iv. A complete cooperative team application must be submitted to the RIIL Office by the advertised deadline and be accompanied by all necessary addenda. Schools are encouraged to submit their applications well in advance of the deadline.
  - v. The principal of the host school will be designated as responsible for all RIIL-related correspondence concerning the cooperative team.

### 4) Formation of Cooperative Athletic Teams of Two or More Member High Schools

- a. The RIIL shall have the authority to approve the formation of cooperative athletic teams by two or more-member high schools under the following conditions:

- b. The determination of the proper set of circumstances which will allow multiple schools to form a cooperative team will depend significantly on the issue of competitor displacement. When the RIIL believes that a cooperative arrangement will cause an unreasonable displacement of potential competitors from one of the schools, the request to form a cooperative will be denied.
- c. Schools having enough competitors for a stand-alone team are advised not to request the formation of a cooperative team in that sport. It is only when two or more schools are experiencing difficulty in obtaining the desired number of competitors to form a team that the request for a cooperative team should be initiated.
- d. Cooperative teams may not be formed for financial reasons. No consideration will be given to cooperative proposals which result from the elimination of the sport due to financial cutbacks during the two years immediately prior to the request. Cooperative proposals will not be considered if they are driven by desire to "save money" at the risk of decreasing the number of potential student participants.
- e. Cooperative programs exist until they have finished the phase-out period of no less than one additional season or by mutual agreement of all schools involved to dissolve.
- f. Multiple team cooperative programs cannot exceed two (2) times the maximum determined sport participation limit in each sport (see chart below).
- g. All schools participating in the cooperative must be members of the RIIL.
- h. A cooperative team will be placed in the appropriate alignment classification by the RIIL.
- i. The cooperative agreement is usually approved for a period of two consecutive school years. However, approval may be granted for a one-year period. Schools must reapply after 1 or 2 years.
- j. The RIIL reserves the right to investigate a co-op team which has a substantially different number of athletes reported on the co-op application than the actual number of athletes that participate in the co-op. The outcome of the investigation may result in recommendations to the Principals Committee on Athletics to take immediate action.
- k. Written assurance that a "no cut" policy will govern the cooperative. Note: Any attempt to stifle team growth or to discourage turnout to maintain lower numbers in order to co-op is considered a cutting policy and is prohibited.
- l. *Students who previously participated on a cooperative team that is disbanded will have an opportunity to be grandfathered if the school they attend no longer offers that sport. These students will be allowed to finish their athletic eligibility with another school in the disbanded cooperative team that decides to continue to offer that sport as a stand-alone team.*
- m. **School Considerations:** The principal of the host school should assure that during preliminary local discussions adequate attention was given to the following:
  - i. A sufficient reason for sponsoring a cooperative team
  - ii. An appropriate name for the cooperative team
  - iii. Suitable practice arrangements
  - iv. Fair competitive arrangements
  - v. Safe and adequate transportation arrangements
  - vi. Provisions for physical examinations and medical coverage
  - vii. Insurance provisions
  - viii. The setting and monitoring of academic standards for eligibility

- ix. The purchase, repair, and cleaning of equipment
- x. Source and control of finances
- xi. Use and maintenance of facilities
- xii. Selection, supervision, and payment of coaches
- xiii. Selection and supervision of cheerleaders
- xiv. Coordination of school schedules
- xv. Ticket prices and sales, disbursement of gate receipts
- xvi. Student spectator and fan control and supervision
- xvii. Cooperative team identity: mascot, colors, etc.
- xviii. Award policies (school letters and certificate design)
- xix. Governance for the resolution of disputes

## 5) INDIVIDUAL SPORT PARTICIPATION LIMITS – CO-OP TEAMS

- a. The following limits have been set by each RIIL sport committee. When the number of potential participants in any one school exceeds the limits listed below, a cooperative team will not be approved. In addition, multiple team cooperative programs cannot exceed two (2) times the maximum determined sport participation limit in each sport.
- b. Only Students in Grades 10-12 are counted towards the Individual School limits below:
  - i. Baseball/Softball: 12
  - ii. Basketball: 8
  - iii. Cross Country: 4
  - iv. Field Hockey: 14
  - v. Football: 20

  - xi. Swimming: 10
  - xii. Tennis: 8
  - xiii. Track & Field – Indoor: 8
  - xiv. Track & Field – Outdoor: 10
  - xv. Volleyball: 8

## 6) Forming a Cooperative Team Program Outside of Established Student-Athlete Limits

- a. Schools/existing programs may apply to form a cooperative team even though one or more of the existing programs exceeds the prescribed listed limit provided the following requirements are met:
  - i. Schools must adhere to all RIIL student eligibility standards, seasonal and weekly limitations.
  - ii. **Schools knowingly and voluntarily taking this path remove themselves from RIIL post-season competition.**
  - iii. Schools applying to opt out must submit to a formal letter to the RIIL. They also must provide a statement from all of the schools involved in the co-op that their parents and student-athletes have been informed that all member schools involved are knowingly and voluntarily in agreement.
  - iv. The opt-out accommodation is for one (1) year at a time and **there will be no phase out period.**

- b. Once the opt-out accommodation request along with the required letters are received, the RIIL will screen the documentation and determine if it should be forwarded to the Principals Committee on Athletics for approval.

**7) DISSOLUTION OF COOPERATIVE TEAMS**

- a. When the decision of the RIIL is to dissolve or discontinue a co-op program which does not meet the critieria, there will be a maximum of a two (2) year phase-out, renewable annually for a total of two years, and athletes will be eligible from their schools throughout the phase-out period. The RIIL has the authority to reduce a phase-out period to one year if the number of participants from a school exceeds the maximum determined sport participation limit or the total number of participants in the co-op exceeds or is close to exceeding two times the maximum allowed in the specific sport. Eligibility is not restricted to only those athletes who were on the original co-op team roster at the time of discontinuation.
- b. Note: When a co-op team has been put into a phase-out and it can be demonstrated that the school(s) affected have in good faith begun a process of creating some type of sustainable ongoing program in the same sport and independent of the co-op which will provide opportunity to those new incoming underclassmen, the schools involved may request an extension of the phase-out period to insure the students who were in the original co-op may finish out their high school athletic career as a part of the original co-op.
- c. During the phase-out period all athletes are to be notified by their school that a limited period of eligibility exists because the program is in a phase-out period.
- d. The decision to dissolve an active RIIL approved co-op lies solely between the member schools involved.

**8) PROVIDENCE PUBLIC SCHOOL DEPARTMENT EXCEPTION**

- a. The Providence School Department determines the following schools will be linked together to form athletic co-op programs in all sports:

#### A. Determination of Gender Based Eligibility

- 1) The RIIL recognizes the value of participation in interscholastic sports for all member-school student athletes. Member schools are responsible for ensuring compliance with all applicable state and federal laws when determining gender-based eligibility for participation. Per Article 2, Section 3B, "proof of and maintenance of eligibility is the exclusive and continuing obligation of the member Principal."

### **Section 4. ACADEMIC ELIGIBILITY**

- A. The athlete must be taking at least four subjects, each involving at least four periods of work or an aggregate of fifteen periods of work per week.
- B. At all times the athlete should have secured for the period from the beginning of the quarter or trimester up to the end of the regular marking period which shall not exceed a maximum of 12 weeks and a passing grade **in 60% of the student's program (credits)**. **A student who is not passing 60% of his/her program (credits) is ineligible to participate in games (league and non-league) until the end of the quarter or trimesters of the next marking period.** This is a minimum standard for academic eligibility. Schools may choose to initiate a higher standard for academic eligibility. In this instance, the higher standard (school policy) will be supported by the RIIL.
  - 1) At the end of a course which meets for multiple marking periods, a school may utilize the grade earned during the last marking period or the final mark earned in determining academic eligibility. However, the school must be consistent in its application of this provision for all athletes in all sports.
- C. To be eligible at the beginning of a school year, the student must have done passing work at the end of the previous school year in June of **60% of the student's program (credits)**.
  - 1) In the case of a student who devotes a considerable part of the summer to make up subjects failed during the school year and receives credit toward graduation for this make-up work, that student shall be entitled to count such credit toward eligibility provided this credit is made an official part of his school record during the first week of the fall term. In case a student fails to complete the minimum scholastic requirements for athletic eligibility at the end of a quarter due to unavoidable absence, the student shall be ineligible for the next quarter until these requirements of the preceding quarter are made-up.
  - 2) Failures or incomplete work caused by unavoidable absence may be made up at the beginning of the quarter provided it is made a matter of final record within three weeks of the first day of that quarter.

- D. The athlete shall receive no special privilege such as extra examinations, delayed marks, make-up opportunities, or other favors which are not granted on equal terms to every student in the school; with the further provision that grades for failures or incomplete work in which a make-up opportunity is granted at the end of a quarterly marking period must be made a matter of final record within two calendar weeks of the first day of the succeeding marking period.
- E. If the athlete repeats work for which credit has once been received, the athlete cannot count that subject a second time for eligibility.
- F. The athlete cannot count for eligibility points obtained in a subject taken during the summer vacation that had not previously been regularly pursued in the classroom.
- G. Admission to or exclusion from participation in a sport because of these eligibility rules, shall take place at the close of the school day on which report cards are issued for the end of the regular marking period.
- H. If a game is postponed or results in a tie; the eligibility of the participants does not hold over until the game is played off.
- I. Academic eligibility requirement for students who are enrolled in Accelerated Programs:
  - 1) An accelerated program is one in which a student earns more than the minimum credits necessary for promotion to the senior year. This may be achieved by independent study, taking more than the required number of courses in a given semester or year, taking additional courses at an approved college, or a concurrent enrollment program at an approved college.
  - 2) Conditions for academic eligibility of seniors in an Accelerated Program:
    - a. The student must be enrolled in a minimum equivalent of three full courses per semester in his/her school or an approved off-campus program for a total of three credits for the year, excluding physical education.
    - b. If off campus courses are involved, the high school must approve the courses and the grades must be recorded at the high school on the student's permanent record card and are included in the computation for the student's graduation credits.

#### Section 5. LENGTH OF ELIGIBILITY

- A. Age - An athlete will be ineligible for athletic competition if his 19th birthday occurs prior to September 1st.
  - 1) It is recommended that Principals exercise great care in determining the age of contestants and in all doubtful cases secure birth certificates from the city or town clerk of the athlete's place of birth.
  - 2) In case of doubt about the age of any contestant in an athletic contest, a birth certificate or some other legal evidence satisfactory to the Committee must be presented to the Chair or Executive Director on demand. If no satisfactory evidence can be presented, the athlete must be barred from competition.
  - 3) Competitors in interscholastic sports, who are born outside the state, shall file with their Principal the following: birth certificates or other legal evidence of birth dates (i.e. alien registration cards) and their complete school records in secondary schools attended outside of the state. This data must be made available to the Committee upon request.
- B. Ninth-grade students of four-year high schools are eligible for varsity and junior varsity athletic competition.
  - 1) An athlete shall not represent secondary schools in any one sport for more than three seasons and such an athlete shall automatically become ineligible after s/he has been six consecutive semesters in attendance in the 10th, 11th or 12th grade. However, athletes entering the ninth grade may compete for one additional season and two additional semesters provided that competition is in the ninth grade of a four-year high school.
  - 2) Once a student enters the 9th grade, whether in a junior high school or a four-year high school, that student is limited to eight (8) consecutive semesters of eligibility and automatically becomes ineligible for athletic competition four years from the date of entry into the ninth grade. (See Article 1, Section 3, paragraph Q.)

- 3) Six weeks shall be considered sufficient to establish a pupil's residence for a semester, which is one-half the established academic school year for that respective school.
- 4) An athlete who has competed according to the rules of the RIIL in the 9th grade of a four-year high school may compete for three additional years in any school to which s/he transfers, subject to the other provisions of these Rules and Regulations.
- 5) If a student who is enrolled in grades nine (9) through twelve (12) and is eligible for athletics but chooses not to participate in athletics for one or more semesters, or does not participate because no sports are offered, or a particular sport is not available, those semesters count as semesters of enrollment and competition.
- 6) If a student who is enrolled in grades nine (9) through (12) is ruled ineligible for any reason for one or more semesters, those semesters count as semesters of competition.
- 7) If a student is suspended or expelled from school for one or more semesters, those semesters count as semesters of enrollment and competition.

C. Unless a student is entering the 10th grade of a three-year senior high school for the first time, or unless the student enters the 10th grade from a school terminating with the 9th grade, the athlete shall be subject to the 50% Transfer Rule. See Section 5 (an exception would be a transfer by change of address). This period may be lengthened and extended in individual cases at the discretion of the Committee.

D. Students entering or returning to a secondary school from any court ordered out-of-home disciplinary placement must have their eligibility considered by the Committee on an individual basis. In addition, the receiving school must provide the Committee evidence that the student meets all eligibility requirements as defined in the Rules and Regulations of the Rhode Island Interscholastic League.

E. An athlete who VOLUNTARILY withdraws from school to enter the armed services shall be subject to all rules governing eligibility as listed in Article 3, Section 5 upon his/her return to the same school from which the athlete withdrew. However, if an athlete is DRAFTED into active service by any branch of the armed services, said athlete shall suffer no loss of eligibility providing all other eligibility requirements are met.

F. No student below Grade 9 will be allowed to practice or play with any school freshman, junior varsity or varsity team.

## Section 6. TRANSFER RULES

A. The "Transfer Rule":

- 1) In all transfers, a Transfer Rule Affidavit or Online Transfer Management System entry must be completed and submitted to the Rhode Island Interscholastic League prior to the student-athlete's participation in any sport.
- 2) If a student transfers from one secondary school to another without a corresponding and bona fide change of address, the student shall be ineligible for the first 35 days in each sport that s/he participated in during the past 12 months.
  - a. The ineligible period of the Transfer Rule begins on the official start date of practice as determined seasonally by the RIIL.
  - b. Athletic Programs are prohibited from rescheduling games beyond the 35 day mark in an effort to circumvent the impact of the Transfer Rule.
- 3) During the period of ineligibility, students subject to the transfer rule may participate in all intra-school activities (practices, team activities, etc.) during the period of ineligibility.
- 4) During the period of ineligibility, students subject to the transfer rule **may not** participate in any inter-school contests (scrimmages, league games, non-league games, sub-varsity games, playoffs, and/or tournaments) during the period of ineligibility.

- 5) For all transfers between member schools, the date of enrollment at the receiving school shall be used unless otherwise specified.
- 6) The provisions of the Transfer Rule apply to all student-athletes participating at the sending school regardless of their level of participation.
- 7) If the student transfers into a new school with less than 35 days of the sport season remaining, the number of days for which s/he is ineligible will carry over to the next school year in the same sport until the 35 day requirement has been satisfied.
- 8) If a student actively participating in a sport at their sending school transfers without a bonafide change of address after the official start date of practice, they are subject to the 35 day period of ineligibility from the first day of enrollment at their receiving school and ineligible for varsity postseason play in the specific sport already underway.
- 9) Note: The RI Interscholastic League will NOT waive the Transfer Rule of athletic eligibility if the change in schools is to nullify and/or circumvent the actions of representatives or rules of the previous school or if the student left the sending school under penalty which would have resulted in the students' athletic ineligibility at the sending school.

B. A student shall be declared immediately eligible provided:

- 1) The student's first transfer occurs during their first two semesters (freshman year) or ensuing summer before the dates below:
  - a. Fall student-athletes: Official start date of their sport as defined by the RIIL
  - b. Winter and Spring student-athletes: The first official school day at their receiving school.
  - c. Clarification: freshman students, who are participating in a sport at their sending school and transfer during the season are subject to the Transfer Rule as described in Article 3, Section 6-A.8.
- 2) There is a corresponding move into a new district by his/her parent(s) or guardian(s) and all other eligibility requirements are met. The receiving school must confirm the bonafide move and residency.
  - a. Clarification: Student-athletes who attend a parochial or private school and who move into a new public school district may also transfer to another parochial or private school or into the public school in the district of the new residence ***at the time of the corresponding move*** and be immediately eligible to participate in athletics. If the student-athlete remains enrolled in the (previous) parochial or private school after a change of residence and later decides to transfer to another parochial or private school or to the public school in the district of his/her new residence, s/he will be subject to the Transfer Rule.
- 3) The transfer is the direct or necessary result of a family court custody decree.
- 4) The transfer is a direct and necessary result of a residence by a guardian whose position is elsewhere herein recognized and the RIIL has so confirmed in writing.
- 5) The transfer is a direct result of emancipation and said emancipation was recognized and approved by the Committee, pursuant to the waiver provisions of Article 1, Section 16, and both principals agree; in which case the student shall be eligible at once, provided the student's record conforms with the other eligibility requirements of the RIIL. The Committee at its discretion may extend Transfer Rule and the decision in such cases shall be final. If more than one transfer occurs (in the absence of a Family Court custody order) and results in a student establishing occupancy at a former residence, such student shall be ineligible until s/he has been living continuously for one year at said residence.
- 6) A student transferring because of an order from the office of the School Superintendent effecting administrative adjustment of school population shall become immediately eligible to play in the receiving school, if the student is eligible in all other particulars.

C. If a student transfers to another school without a bonafide change of residence, s/he may return to their original school and may immediately become eligible provided:

1) The student returns prior to the 15<sup>th</sup> day of said date of transfer.

a. Fall student-athletes begin their 15 days on the first day of official practice as defined by the RIIL.

b. All other student-athletes begin their 15 days on the date of enrollment at the receiving school.

2) The Transfer Rule Affidavit has been completed and submitted to the RIIL.

D. Residency Rule and Bonafide Residency Policy:

1) Unless there is a Family Court decision awarding custody to another, the residence of the mother (or legally recognized parent/guardian with custody) shall be judged to be the residence of the student. The student, however, must actually reside at the mother's home. Students who are wards of the state shall become immediately eligible upon being assigned by the proper state authorities to a foster home or equivalent facility. If the student neither resides at the mother's home nor in the home of the person awarded custody by the Family Court, the student shall be subject to all provisions of the Transfer Rule before becoming eligible for RIIL inter-school competition.

a. Clarification: Any student who legally enrolls at a RIIL member high school residing with someone other than their mother, legally recognized parent with custody, court appointed individual, or legal guardian is declared immediately ineligible until a specific waiver has been obtained pursuant to Article 1, Section 16.

2) In cases where the Family Court decision awards custody to both parents, the student is permitted to change residence between parents and not be subject to the provisions of the Transfer Rule. However, the student will only be eligible to play sports at that school for the academic year. If the student moves back with the other parent and transfers schools, s/he will be subject to the RIIL Transfer Rule and is ineligible for inter-squad competition for the first 35 days of the season.

a. Clarification: In the absence of a court order or joint custody, students residing outside of the mother's home (or legally recognized parent with custody) are declared immediately ineligible until a specific waiver has been obtained pursuant to Article 1, Section 16.

3) If a student is 18 years of age and transfers from one secondary school to another with a corresponding change of address, and both parents are deceased, or are physically absent from the state of RI, or when both parents have been decreed incompetent or unfit by court order, or when a specific waiver has been obtained pursuant to Article I, Section 16, the use of such student-athlete before such written confirmation of eligibility by the RIIL shall constitute the use of an ineligible player under the Transfer Rule.

E. Probate Court guardianship, while either parent is living within the State of Rhode Island, is not recognized for eligibility purposes unless such guardianship was petitioned by a state agency for the welfare of the student. Guardianship is recognized for eligibility purposes when both parents are deceased, or when both parents are physically absent from the State of Rhode Island, or when both parents or the surviving parent has been decreed incompetent or unfit by court order, or when a specific waiver has been obtained pursuant to Article 1, Section 16. No student under guardianship is eligible without a written eligibility finding confirming compliance with the above and issued by the RIIL. The use of a student-athlete under guardianship before such written confirmation shall constitute the use of an ineligible player. Such eligibility finding will be given after the student under Probate Court guardianship has been subject to the waiting period of 35 days in each sport s/he participated in during the previous school year.

- F. A student in any school system operating more than one high school, who is transferred by the administrative office for disciplinary or attendance reasons shall be subject to all provisions of the Transfer Rule before becoming eligible at the receiving school in each sport which s/he participated at the sending school.
- G. If the athlete severs connection with any school for a period of two weeks or more, the athlete cannot become eligible for athletics until the athlete has completed the waiting period of 35 days in each sport of which s/he participated in at their sending school from the date of the athlete's enrollment at the receiving school and then only if all other eligibility requirements are met. This section shall not be interpreted to apply to students absent from school because of illness.
- H. No school shall allow the participation of any student who is ineligible in any regard. This participation applies to sub-varsity and school-sponsored club teams just as strictly as it applies to varsity contests, both league and non-league. During the time a student-athlete is ineligible because of the Transfer Rule, s/he is permitted to practice with the team.
- I. **Penalty for an Eligibility Violation:** Loss of eligibility in the sport involved for a number of RIIL games equal to the number of days in which the athlete ineligible participated. Such loss of eligibility shall commence with the date of the last infraction and, if necessary, shall extend into the RIIL days of the same sport for the following year.

**Section 8. INDIVIDUAL ATHLETIC COMPETITION IN THE ABSENCE OF A TEAM**

- A. The RIIL will provide the opportunity for male and/or female athletes to compete as individuals on behalf of their respective schools in specified sports and under specified conditions provided the school does not sponsor a team in that sport in the RIIL or an outside league not affiliated with the RIIL. - 3) Upon request, schools will be required to submit an individual scholarship report on any student receiving financial aid from the school or any related entity. The Executive Director and Chair will determine the eligibility of any student receiving financial aid in excess of 50% of the combined tuition and expenses. The Executive Director and the Chair will consider the circumstances and determine whether the aid is scholarship aid or an athletic scholarship. In making this decision, these individuals will give the particular street of the residence of the athlete involved and the normal area that the school in question generally draws from. In order to deny eligibility to any student because of an athletic scholarship, both individuals must agree. ## Section 11. RECRUITMENT OF STUDENT-ATHLETES BY PRIVATE, PAROCHIAL AND PUBLIC SCHOOLS

- A. To maintain the educational standards and dignity of our academic and athletic program, all members of the RIIL must refrain from any practices such as recruitment, enticements, and inducements or other pressure which would encourage students substantially for athletic purposes to leave, enter, or not to enter schools

within their normal district, as defined by the Rhode Island Department of Education, or schools in which they have enrolled or have indicated in writing the intent to enroll. In order to ensure that the above prohibitions of the RIIL are carried out, the Committee has adopted the following regulations: (Note: This also applies to students below grade 9 who are contemplating enrolling in a RIIL member school, public, private or parochial).

## **B. POLICY ON RECRUITING**

### **1) GENERAL PRINCIPLES**

- a. Recruiting is the use of undue influence and/or special inducement by anyone associated with a school in an attempt to encourage a prospective student to attend or remain at that school for the purpose of participating in interscholastic athletics.
- b. Recruitment of students or attempted recruitment of students for athletic purposes, regardless of their residence, is a gross violation of the by-laws of the RIIL and is expressly forbidden.
- c. Member schools are responsible for any violation committed by any person who is under the direct or indirect supervision and control of the principal. Member schools are also responsible for any violation committed by a person acting at the direction of any person under the direct supervision or control of the principal.

## **C. UNDUE INFLUENCE**

- 1) Undue Influence is the use of direct or indirect communication by anyone associated with a school with a prospective student in an attempt to solicit or encourage the enrollment of a prospective student in that school for the purpose of participating in interscholastic athletics.
- 2) Undue influence includes, but is not limited to:
- 3) Initiating or arranging telephone, telegram or other written contact such as questionnaires, cards or letters, with a prospective student-athlete or member of his/her family for the purpose of soliciting or encouraging the enrollment of the student in a school.

- 8) Any other contact with a prospective student-athlete or member of his/her family for the purpose and intent of soliciting or encouraging the enrollment of the student in a school for the purpose of participating in interscholastic athletics
- 9) No member school and no one acting on behalf of any member school may give a speech or give any slide, film or tape presentation or distribute any written material, including advertisements in newspapers, magazines or other publications, which states or implies that a member school's athletic program is better than the athletic program of any other member school or that it would be more advantageous for any prospective student-athlete to participate in athletics at that member school as opposed to any other school.
- 10) When a student at a junior high, middle school or other high school, or the parent(s) or guardian(s) of that student contacts a coach about attending the coach's school, the coach must immediately refer

the student, parent(s) or guardian(s) to the principal or other associate school personnel, who have the responsibility of seeking and processing prospective students.

However, such recruitment programs must be designed to present the overall educational and extracurricular programs of the school and not be used as a subterfuge for recruiting students for athletic purposes. Such general recruitment programs permissible under this article must be carried out under the following guidelines:
  - a. With the permission of the principal, member schools may present speeches, films, tapes or other similar programs to students in elementary, junior high or middle schools with grades below the ninth grade from which the member school can normally expect enrollment.
  - b. Member schools may present speeches, slides, film, tape or other similar programs to students at elementary, junior high or middle schools with grades below the ninth grade from which the member school can normally expect enrollment so long as said speeches, slides, films, tapes or other presentations are designed to attract students to attend the member school and are based upon the overall educational programs and not presented solely for the purpose of recruiting prospective athletes.
  - c. Coaches or any member of a school's athletic staff cannot conduct recruiting programs of any kind for the purpose of participating in interscholastic athletics.
- 2) Schools may site accomplishments, both academic to athletic, as long as it does not imply that the school's athletic program is better than any other school's athletic program or that it would be more advantageous for a prospective student-athlete if s/he participated at that member school. A student-athlete may not receive or be offered any remuneration of any kind or receive or be offered any special inducement of any kind, which is not made available to all students who enroll in or apply to a school.

- B. The Executive Director of this Committee or the Director of the Sport involved is empowered to exercise the right to postpone a game in the event of failure of the Principals to agree on the matter. If at game time conditions for playing are, in the judgment of the head official, too hazardous for playing, s/he may at his/her discretion postpone the game even though there be no mutual agreement.
- C. All playoff games, regular season RIIL hockey games, and winter track meets can only be postponed by the Director of the Sport involved. If an individual school believes that safety considerations require that the game or meet not be played; the school has the right to refuse to play. However, the game or meet will be forfeited to the scheduled opponent and the expenses incurred by the RIIL as a result of the canceled game or meet will be assessed to the school canceling the contest.

### Section 3. MUTUAL AGREEMENT

See Article 1, Section 17 (Home Confirmation Schedules). *Coaches are not permitted to make any changes in contest date/times/sites with other coaches, officials and or assignors.*

A RIIL team fulfilling a contract with an outside opponent to the detriment of its RIIL opponent must forfeit the game to the latter, unless by mutual agreement another date is arranged. *All postponed games will be played on the next available weekday/night, including school vacations.*

### Section 5. NON-OFFICIATED POSTPONEMENT

- A. Games in sports to which the Committee does not assign officials may also be postponed because of weather conditions. Such games MUST be rescheduled to a definite day, the permission of the Director of Sport obtained, and the RIIL office notified.

## Section 6. GAME INTERRUPTION

A. Any game interrupted by factors other than weather and unable to be completed on the date the game or contest began will be treated as a suspended game or contest and resumed from the point of interruption. The team that is behind in the score will have the option of requesting that the suspended game be regarded as final, in which case the score of the game or contest at the time of the interruption will go into the records as the final score.

1) Note: This rule would be applied if there is no NFHS sport rule pertaining to game interruption.

## Article 5: PROTESTS

### Section 1. PROCEDURE

A. A school filing a protest in accordance with RIIL/NFHS sport rules shall make out the protest in triplicate. One copy will go to the Executive Director/Assistant Executive Director; the second through the Executive Director to the school or schools protested against, and the third copy is to be retained by the protesting school. The protest must be signed by the Principal or Acting Principal and received by the Executive Director no later than forty-eight (48) hours after the completion of the game or contest. The protest must be accompanied by a fee of \$50.00 which is to be returned to the school in the event the decision is in favor of the protesting school, but forfeited to the RIIL Treasury in case of an adverse decision. This protest shall include all facts relevant to the protested situation. The procedure for handling protests is:

- 1) If any of the procedures, deadlines, etc. as set down in the rule for filing a protest are not strictly adhered to, the protest shall be immediately disallowed and the two schools in contention so notified. The Executive Director/Assistant Executive Director shall weigh this protest procedure and make the determination whether the protest shall be heard or terminated at this stage.

### Section 3. NOTIFICATION OF OFFICIALS

A. The Committee will refuse to accept a protest if the protesting team fails to notify the officials of the game at the time of the incident or the first opportunity to do so that the game is being finished under protest. In non-officiated sports, the opposing coach must be notified of the protest at the first opportunity to do so.

#### Section 4. PROTEST SIGNIFICANCE

- A. The Committee will entertain no protest where the protested call did not have a significant effect on the outcome of the contest nor will the Committee accept protests involving judgment calls made by officials. The Executive Committee of the sport involved will make this determination.

#### Section 5. CHAMPIONSHIP COMPETITION

- A. In Championship Tournament Competition, the Executive Committee of the sport by a unanimous vote will make the final determination of a protest, the provisions of this Article notwithstanding.

The decision of the Committee shall be final and in case a school refuses to abide by such a decision or withdraws from the jurisdiction of the Committee before a decision has been reached, all other member schools shall sever athletic relations with such a school, canceling all contests already scheduled and refusing to schedule others. Competition with the offending school may be resumed only when the Committee has again admitted the school to its jurisdiction.
- B. This rule shall not be interpreted to mean that isolated cases of infractions of the RIIL Rules and Regulations shall be made a reason for canceling games or severing athletic relations. Such cases of infraction shall be reported to the Committee. Cancellation or severance of relations shall take place under this rule only when a school through its Principal has definitely declared that it is no longer its purpose or policy to abide by the Rules and Regulations or when the Committee has formally voted that the school in question is no longer adhering to the Rules and Regulations and that severance of athletic relations is therefore required.
- C. If in the judgment of the Committee a school is in serious violation of a Rule as published in this manual, such school may be placed on probation for a period of one to three years. - B. Payment of all fines must be received by the RIIL Office prior to the start of the next sports season.

## Section 13. USE OF SCHOOL EQUIPMENT DURING THE SUMMER

- A. The RIIL cautions against School Districts and Principals allowing school equipment to be used or loaned out for use during the summer months to students from their schools. The use or loaning of equipment to students during the summer or other out-of-season periods opens the schools, their administrators, and coaches to serious liability risks in the event that the student borrowing the equipment or others who might use it are injured while using the equipment. Coaches shall obtain written permission from the Principal and/or Superintendent prior to allowing use of school equipment during the summer. School Districts must ensure the use of school equipment is covered by the District's insurance policy. In the event that the equipment is used or loaned to students in violation of this League policy, may be the very reason a court could find a school negligent and award substantial damages in a negligent liability suit. The insurance policies of most schools do not normally provide coverage for the use of equipment during the summer months. Such use could well weaken the equipment and, when used for school activities during the school year, the weakened state could result in serious injuries to players and be the subject of a suit. In addition, the League's legal counsel maintains that the loaning of equipment that is owned by a member school without permission of the school's governing body could well be a violation of several criminal statutes that restrict use of publicly-owned equipment for private use. Administrators should make certain that no school equipment is loaned out for summer use without written approval. The above applies to all member schools.

## Section 14. MANDATORY GAME SCORE REPORTS AND COACHES REGISTRATION

- A. Game Score Reports: All RIIL league contest scores are to be reported on-line on the RIIL Website. Coaches obtain access to the system through their Athletic Director.
  - 1) **The home team (coach/athletic director) is responsible for reporting league contest scores within forty-eight (48) hours of the end of the contest**
  - 2) **During Playoffs: The winning coach/athletic director is responsible for reporting the playoff game score within three (3) hours of the end of the contest**
  - 3) **Penalty: Failure to report scores will result in a twenty-dollar (\$20.00) fine for each contest not reported. Schools will be billed at the end of the season**
- B. Coaches Registry: All RIIL Member Schools are to register all certified coaches who represent their schools in all sports and levels (Varsity, Junior Varsity, Freshman, Volunteers) online through the RIIL Website.
  - 1) All coaches must be certified as coaches per Rhode Island State law and the RIIL.

## Section 15. CONSEQUENCES FOR COACHES WHO CRITICIZE GAME OFFICIAL(S) IN A PUBLIC FORUM

A. Any coach who criticizes a game official(s) in a public forum over the course of his/her career will be subject to the following:

- 1) First Offense – One game disqualification and the school be fined \$100.
- 2) Second Offense – Two (2) game disqualifications and the school be fined \$150.
- 3) Third Offense – Disqualification for the remainder of the season \* and the school be fined \$250.
  - a. \* The coach will be disqualified for a minimum of five (5) games. If the season ends prior to completing the five (5) game disqualification the remaining days will carry over to the next season.
- 4) Each confirmed incident will be evaluated on a case by case basis by RIIL staff and appropriate action invoked. Additionally, the school administration will be required to file a report with the RIIL delineating the steps the schools and athletic administration have taken to address this issue to assure no reoccurrence.

B. When a coach is disqualified for such actions the following disqualification rules shall apply:

- 1) The coach will be disqualified from the next league contest and any non-league games in between.
- 2) Coaches cannot be in attendance at the game(s) for which they are serving their suspension and may not participate in any pre-game warm-up activities at the site.
- 3) Disqualifications from the last contest of one season carry over to the next season in that sport for coaches.
- 4) The school's first incident of non-compliance, for reasons other than defiance of the disqualification rules, will result in forfeiture, a \$250 fine and the coach must serve the disqualification penalty; a school's second incident of non-compliance will prohibit the school from entry in the next RIIL tournament for that sport, or from the remainder of the current tournament if the disqualification occurs during an RIIL tournament or during the last regular season contest / day of competition. However, when a school willfully defies this regulation the school and/or coach will be subject to further action by the RIIL Principals' Committee on Athletics.

C. Those found in violation of this rule will not have the opportunity to an appeal.

D. Coaches have an opportunity to raise officiating concerns through the proper school channels (Athletic Director and Principal).

## Section 16. CONSEQUENCES FOR SCHOOLS THAT VIOLATE RIIL RULES WHILE ON PROBATION

- A. If a school violates an RIIL rule while on probation, they will be required to complete a formal review of its athletic program. This review will be measured against a set of defined standards of an exemplary interscholastic athletic program along with indicators for each of the defined standards. The findings of this review will be required to be presented to the RIIL along with recommendations for the school's improvement and compliance.
- B. A copy of the defined standards can be found in the Online Document section of the [www.riil.org](http://www.riil.org) website.

## Article 7: LIMITATION OF SEASONS

### Section 1. RATIONALE FOR THE LIMITATION OF SEASONS

- B. Since the school by virtue of the regulations of the RIASP and its Committee on Athletics has some control over what students do out of school after school hours, it would seem important that school authorities be aware of the kinds of organized competitive athletics their students participate in on their own. Various leagues are sponsored by a wide variety of community groups. If the same consideration for the health, safety, and education of the young people is not followed by these community sponsors, the health and safety of students might be impaired. The school's interest and concern with this problem should be made known and appropriate guidance given to the community sponsoring groups.
- C. No student below Grade 9 will be allowed to practice or play with any high school freshman, junior varsity or varsity team.

### Section 2. DEFINITION OF A GAME

- A. A game is any competition between two or more schools, i.e. RIIL League or non-league RIIL games exclusive of scrimmages, which meets any of the following conditions:
  - 1) Teams wearing game uniforms.
  - 2) Score is kept.
  - 3) Time is kept.
  - 4) Results of the contest are reported.
  - 5) The game is structured to meet the game requirements of NFHS rules
- B. A scrimmage shall be defined as a controlled practice among any number of schools that is supervised by coaches which does not meet any requirements for a game.
  - 1) Officials may be present for safety purposes.
  - 2) Teams may not wear game uniforms.
  - 3) Activity between teams must be broken into controlled practice segments for coaching and instruction purposes only.
  - 4) Structuring a scrimmage in such a way as to resemble or replicate a game without game uniforms will be considered a game and additional penalties may be imposed on the school.
- C. Notes:
  - 1) The number of games allowed in each sport for one season does not count the Injury Fund and/or RIIL Playoffs or Sanctioned Championships.
  - 2) The RIIL recommends one day off (no team activity) per calendar week (Monday – Sunday).
  - 3) All games/competitions/scrimmages, including those out-of-state, must be entered on the RIIL website.
  - 4) Cancellation or forfeiting of a RIIL contest is not allowed without prior consent and will be subject to penalties as outlined in Article 6.
  - 5) No RIIL contest will be scheduled to begin before 12 noon on Sundays without prior consent.

### Section 3. HEAT ACCLIMATIZATION RULES

- A. Intent: To provide acclimatization rules for student athletes with the purpose of minimizing injury and enhancing the player's health, performance, and well-being.

B. Core Principals:

- 1) *Acclimatization Period:* The first six days of RIIL approved practice will consist of no more than three (3) hours of practice time.
- 2) Recommend AED and WBGT on site for all activities.
- 3) Recommend using shaded areas during rest breaks for warm weather activities.
- 4) Recommend Cold Water Immersion Tubs on site for warm weather activities.

C. An instrument scientifically approved to measure Wet Bulb Globe Thermometer (WBGT) must be utilized at each practice if the WBGT is within 5-10 degrees Fahrenheit of green flag conditions (76.1 F). WBGT readings should be taken a minimum of every 30 minutes, beginning 30 minutes before the beginning of practice.

D. Although use of a WBGT is preferred as a best practice for use prior to the start of fall sports practice in 2024, if a WBGT is not available, the heat index for the approximate location of activity may be determined by entering the postal zip code at <http://www.osaa.org/heatindex/>.

- 1) *Rhode Island falls under Category 1 (Cat 1) based on its geographical location.*

Cat 1	Activity Guidelines
< 76.1°F <24.5°C	Normal Activities – Provide at least three separate rest breaks each hour with a minimum duration of 3 min each during the workout.
76.3 - 81.0°F 24.6-27.2°C	Use discretion for intense or prolonged exercise; Provide at least three separate rest breaks each hour with a minimum duration of 4 min each.
81.1 - 84.0°F 27.3-28.9°C	Maximum practice time is 2 h. <u>For Football</u> : players are restricted to helmet, shoulder pads, and shorts during practice. If the WBGT rises to this level during practice, players may continue to work out wearing football pants without changing to shorts. <u>For All Sports</u> : Provide at least four separate rest breaks each hour with a minimum duration of 4 min each.
84.2 - 86.0°F 29.0-30.0°C	Maximum practice time is 1 h. <u>For Football</u> : No protective equipment may be worn during practice, and there may be no conditioning activities. <u>For All Sports</u> : There must be 20 min of rest breaks distributed throughout the hour of practice.

- 1) In general, athletes do not voluntarily drink sufficient water to prevent dehydration during physical activity.
- 2) Drink early, by the time you're thirsty, you're already dehydrated.
- 3) Drink before, during, and after practices and games. Specifically, the American College of Sports Medicine recommends the following:
- 4) Drink 16 ounces of fluid 2 hours before exercise.
- 5) Drink another 8 to 16 ounces 15 minutes before exercise.

- 6) During exercise, drink 4 to 16 ounces of fluid every 15 to 20 minutes.
- 7) The NFHS SMAC strongly recommends that coaches, certified athletic trainers, physicians, and other school personnel working with athletes not provide or encourage use of any beverages for hydration of these youngsters other than water and appropriate sports drinks. They should also make information on the potential harm and lack of benefit associated with many of these other beverages available to parents and athletes.

The interpretation of, and compliance with Article 7 of the rules and regulations of the Rhode Island Interscholastic League shall be in both letter and spirit.

**B. Purpose:**

- 1) To allow students to seek informal and individualized extra help from high school coaches in the same way teachers may provide extra help for a student academically.
- 2) To define allowable out of season individual instruction during the academic year between coaches and students that is consistent with the philosophy of encouraging multi-sport participation on high school teams.
- 3) The letter and spirit of these rules are not intended to create an incentive for students to opt out of other high school sports to specialize in a single sport.

C. Coaches are prohibited from coaching current and/or prospective students enrolled in their school on non-school teams or any other sport specific coaching activity during the academic year outside of their assigned sport season unless otherwise specified below.

- 2) the weight training area and athletic facilities must be open to anyone enrolled in the school and must be on a voluntary basis. Coaches cannot mandate attendance of team members or potential team members.
- 3) The open athletic facilities cannot precede, follow or be in conjunction with an off-season conditioning program.

- 3) Even though coaches are not present, allowing captain’s practice to be held on school grounds may constitute that the school has organized, encouraged or condoned the activity.
- 4) There is also a serious practical consideration. If it can be demonstrated that a school is allowing “Captain’s Practice”, the liability responsibility for an injured athlete may be quite serious.
- 5) We strongly recommend that member schools communicate their stance on captain’s practices to coaches, students and parents so that there is no confusion. In many cases, students and parents perceive that this type of activity is organized and administered by the school and there is an obligation for students to participate.

Such notification must be made not less than two (2) hours before game time or in accordance with the Official's Association Agreement. The home schools' responsibility rests primarily in reaching the official by telephone. The postponement also will be made online. Postponed games retain the original fee regardless of date.

Section 7. SPORTSMANSHIP AND OFFICIALS' RESPONSIBILITY

A. The Committee believes that the ideals of good sportsmanship, ethical behavior, and integrity permeate our culture. The values of good citizenship and high behavioral standards apply equally to all activity disciplines. In perception and practice, good sportsmanship shall be defined as those qualities of behavior, which are characterized by generosity and genuine concern for others. Further, awareness of the impact of an individual's influence on the behavior of others is expected. Good sportsmanship is viewed by the RIIL as a concrete measure of the understanding and commitment to fair play, ethical behavior, and integrity.

If you examine the standards of conduct required in high school athletics compared to the major college and professional levels, you will conclude that the older the athlete is, the more immature that person is allowed to behave.

Routinely, high school athletes will be penalized and ejected from contests for antics that are praised and emulated at higher levels. This is to the everlasting credit of those who lead, coach, officiate, participate in, and watch interscholastic athletics. It is this challenge that the contrast between educational athletics and so-called higher levels becomes even more obvious as we raise the standards of what is expected and tolerated in school sportsmanship.

The problem of decaying sportsmanship at all levels of competition is a major concern that needs to be addressed. Misconduct in athletics is a high-profile reflection of the general acceptance of disrespect in society. It is a social problem and sports are a microcosm of that problem.

The Rhode Island Interscholastic League formed a Sportsmanship and Ethical Conduct Committee for the purpose of addressing the issue of sportsmanship and ethical conduct. The Committee, with the approval of the Principals' Committee on Athletics, developed a packet and recommended that all schools adopt and adhere to the expectations.

The Committee was particularly concerned about "taunting." The Principals' Committee on Athletics passed a recommendation of the Sportsmanship Committee to broaden the definition of "taunting" and make it a disqualifying foul in all sports. As a result, officials will be expected to eject players and bench personnel (including coaches) for taunting; and the Rhode Island Interscholastic League tournament supervisors will be expected to eject from the premises any spectator who engages in taunting.

B. The definition of taunting is this:

- 1) "Any actions or comments by coaches, players, or spectators which are intended to bait, anger, embarrass, ridicule, or demean others, whether or not the deeds or words are vulgar or racist. Included is conduct that berates, needles, intimidates or threatens based on gender, ethnic origin or background, and conduct that attacks religious beliefs, size, economic status, speech, family, special needs or personal matters."
- 2) Examples of taunting include:
  - a. "Trash Talk"
  - b. Physical intimidation outside the spirit of the game.
  - c. References to sexual orientation.
  - d. "In the face" confrontation by one player to another.
  - e. Standing over or straddling a tackled or fallen player.
  - f. Noticeable improvement in school sportsmanship will require concerted effort.
- C. Good sports don't need to wait for other's actions. Good sports already know what is offensive, and what has no more place in school sports than it would have in a school classroom. This is educational athletics. We must maintain the highest education standards in all facets of the athletic arena.
- D. OFFICIALS RESPONSIBILITY: Officials assigned Rhode Island Interscholastic League contests MUST enforce the rules regarding sportsmanship without tolerance for abuse. The only warning to participants and coaches regarding sportsmanship should come at the beginning of the contest. Once the contest begins, penalties not warnings, must be assessed for unsportsmanlike conduct. The Rhode Island Interscholastic League expects that officials will eject any coach who protests an unsportsmanlike conduct call provided by the rules of the sport.
- E. Each official at a Rhode Island Interscholastic League sponsored event will be provided with a card with the following statement which MUST be read to the Captains and Coaches and/or teams together at EVERY contest prior to the beginning of the contest:

“The National Federation of State High School Associations (NFHS) and your state association require officials to enforce sportsmanship rules. High school athletics emphasize positive values. All of us have worked hard to create a sense of teamwork, respect, responsibility and perspective. We remind you that we expect good behavior and will quickly penalize misconduct. We encourage and appreciate your help. Let this competition reflect mutual respect among all participants, coaches and officials. Coaches please certify that your players are legally equipped and uniformed according the NFHS rules. Good luck and have a great contest!”

However, the RIIL does not wish to exclude coverage of these activities from the media who feel that such broadcasts would be in the best interest of their communities and the student athletes. The terms of this agreement have been developed to provide the parameters within which interested media may broadcast an RIIL event.
- J. The Rhode Island Interscholastic League shall own the copyright of all broadcasts (live and delayed, excluding highlights – which are not longer than five (5) minutes in duration), films, videotapes, web casts, other electronic reproductions and recordings of events telecast pursuant to agreement. ### Section 4. NFHS NETWORK: POLICY ON STREAMING VIA SOCIAL MEDIA PLATFORMS

- A. The ability of fans or news media companies streaming events through new streaming technologies is becoming more of an issue around the country and is only going to increase. These platforms include but are not limited to Facebook Live, Instagram Live and Periscope. When fans broadcast events via social media or alternative streaming platforms the Network is adversely affected financially. The people watching the illegal stream are the fans most likely to be interested in buying a pass to watch the event and therefore the Network suffers a reduction in subscription sales. We expect credentialed news organizations to know and follow policies, but fans are a different story. We assume that the majority of fans using these streaming technologies are unaware of the rights they are infringing upon. Therefore, we have outlined a strategy for States that focuses on building awareness to protect the rights of the NFHS Network.

B. While States have limitations in what they can enforce during an event, here are the four recommended courses of action to educate schools and fans:

1. Update media policies
2. Add updated rules to website
3. Disseminate information to participating schools, host sites and media outlets
4. Notify fans and attendees through in-venue messaging

C. Association Media Policies

1. States should update published media policies with language that makes schools, fans, and other media outlets aware of the rules.
2. *The NFHS Network is the exclusive broadcast rights holder of this postseason event. Any individual streaming a game is strictly prohibited and is in direct violation of the RIIL's agreements with the NFHS Network. Any violation of NFHS's exclusive broadcast rights may result in disciplinary action by the RIIL or legal action by the NFHS Network.*

D. Association Website Posting

1. Since it is unlikely that a fan would ever read the media policy in the by-laws, States should also put messaging on the pages on their website where parents and fans would go to find the event information (i.e. event page or tournament page). This will ensure that interested parties are aware of the rules ahead of the event.
2. *The NFHS Network is the exclusive broadcast rights holder of this postseason event. Any individual streaming a game is strictly prohibited and is in direct violation of the RIIL's contract with the NFHS Network. Any violation of the NFHS Network's exclusive rights may result in discipline by the RIIL or legal action by the NFHS Network.*

E. Pre-Event Communication

1. States should notify schools ahead of time through information packets they send out to participating teams as well as host sites. This is the most effective way to ensure all participating schools are made aware of the rules. The same messaging needs to be sent to anyone who has been granted a media pass for the event.
2. *The NFHS Network is the exclusive broadcast rights holder of this postseason event. Streaming all – or any part of – the game is strictly prohibited and is in direct violation of the RIIL's contracts with the NFHS Network. Please notify your fans and parents of this policy, and encourage fans who can't attend to visit [NFHSnetwork.com](http://NFHSnetwork.com) to watch the game live.*

F. In Venue Announcements

1. PA announcements will need to be implemented during the events. Multiple times. Physical signs with similar messaging would be ideal where it is feasible.
2. *Fans are reminded that the broadcast and streaming rights of this event belong exclusively to the N-F-H-S Network. Any individual streaming of this game is strictly prohibited. To watch this game live please go to N-F-H-S-NETWORK-DOT-COM.*

## Section 5. MISCELLANEOUS

### **A. USE OF DRONES (UNMANNED AIRCRAFT SYSTEMS OR UAS's)**

- A. Use of Drones (UAS), for any purpose, is not permitted at any RIIL state tournament event. This prohibition applies to all fields of play, courts, arena, mats, gym floor or pool, and covers a ban on the entire facility being used as part of the RIIL event, including the spectator stands and parking areas.
- B. Excluding RIIL playoffs and RIIL schedules for Hockey and Winter Track, the RIIL will grant television and broadcasting rights to home schools subject to the following conditions:

1. Agreements should be of limited duration, no more than two years before renegotiation.
2. Only the home team will have broadcast rights, subject to the consent of the visiting team. All school participation must be voluntary. Mutual agreement of both schools must be obtained and no school shall be coerced into participation.
3. Revenue derived from commercial televising of games should be dispersed as follows:
  - a. 75% of the fee should go to the home team.
  - b. 20% of the fee should go to the visiting team.
  - c. 5% of the fee should go to RIIL.
4. Schools must require payment from the broadcaster within 30 days of the broadcast.
5. Distribution of funds to the visiting team and the RIIL shall be made within 60 days of the broadcast.
6. All contracts shall prohibit sponsorship by non-approved sponsors, Alcoholic Beverages, Tobacco Products and Gambling Activities.
7. Broadcasters should be required to announce once an hour that “the event is broadcast with the permission of the Rhode Island Interscholastic League.”
8. In the case of RIIL tournaments, Winter Track and Hockey contests which are operated by the RIIL itself, only the RIIL Office can make the necessary arrangements since these rights belong to the RIIL.
9. Schools, however, are given permission to film or video tape their games provided that no commercial use of any kind is made of the film/videotape and provided that any showing of the film/videotape takes place in the school itself.
10. The RIIL reserves the right to negotiate a game of the week involving the RIIL games in any sport which is operated in the home gymnasium or field of the member school; provided the schools chosen have agreed before the beginning of the school year to participate in the RIIL program. The revenue received will be distributed among the schools participating in the RIIL program with the greater share going to the home school. See Article 11, Section 4.A3.

## Section 6. Media Credential Policy

- A. The RIIL has exclusive rights to all still photographs at all RIIL State Tournament events (including all Boys and Girls Indoor Track events and hockey games). Selling of any photographs (electronic or print) at either the venue or by the internet without the written consent of the RIIL is strictly prohibited.  
Note: Media may only post on their website for commercial purposes those photographs that have been published in their newspaper.
- B. The RIIL will not issue Media Credentials the week of the event.
- C. RIIL Media Passes are only valid at RIIL Postseason events, not events hosted by individual member schools.
  1. Individuals who request access to an athletic event hosted by a member school must directly contact the member school prior to the event for permission to enter restricted areas
- D. School yearbook photographers or others requesting sideline access for a RIIL Championship:
  1. are limited to two per school
  2. are the responsibility of and have approval of the Principal
  3. must be communicated to the RIIL by the Principal/Athletic Director to the prior to the event
- E. The RIIL has a two-tiered system for media passes:
  1. Tier 1: Traditional Media Outlet representatives are provided with long-term media passes for the entire school year and are provided with sideline access at RIIL championships.
  2. Tier 2: Non-Traditional Media may be provided with a single game pass and a free general admission ticket to the game and are allowed to sit in spectator seating for the duration. There

will be no sideline access at any time before, during, or after the contest until the team vacates the playing surface.

3. Media Passes and all sideline access will be approved, denied, or revoked at the discretion of the RIIL.

*F. Media Reminders*

1. All media photographers with the appropriate RIIL "Media Credentials" will have access to the sidelines and permission to take photographs.
2. Media cannot be located in any space or area where they may interfere with action in the playing/coaching/restricted area.
3. Media journalists and photographers must stand clear of the awards presentation area and are asked to refrain from conducting post-game interviews until after the awards ceremony has been completed.
4. FAILURE TO ADHERE TO THESE GUIDELINES AND RESTRICTIONS WILL RESULT IN THE LOSS OF CREDENTIALS AND REMOVAL FROM THE FACILITY OR MEDIA AREA

## Article 12: SPORTSMANSHIP

### Section 1: SPORTSMANSHIP

- K. The Rhode Island Interscholastic League Principal's Committee on Athletics has developed a common set of sportsmanship standards that can be implemented in every member school. Concerns with the behavior of student athletes and coaches on the field or court and the ever increasing unsportsmanlike behavior of spectators, the committee believes it is essential that all member schools have sportsmanship standards and programs in place.
- L. Member schools are expected to conduct their relations with each other at all levels of competition in a spirit of good sportsmanship. Everyone involved has the obligation to see clearly his/her influence and act accordingly.
- M. The RIIL acknowledges that the school administration is responsible for the athletic program, including the making of broad and specific policies relating to sportsmanship and the conduct of activities in the school. The school principal has the responsibility for establishing the principles of good sportsmanship in the minds of the entire school community. He/she must realize that the kind of sportsmanship that is practiced or displayed by the representatives of his/her school will reflect to its credit or otherwise.
- N. The Rhode Island Interscholastic League has been vested with the responsibility to ensure that all contests during the regular season or regular tournament competition are conducted satisfactorily, as it applies to the principles of good sportsmanship. The RIIL will be guided by the following rule:
  - 1) **HIGH STANDARDS OF COURTESY, FAIR PLAY AND SPORTSMANSHIP MUST PREVAIL AT ALL REGULAR MEMBER SCHOOL COMPETITIONS AND ALL INVOLVED MUST ALWAYS PURSUE VICTORY WITH HONOR.**
  - 2) While this rule is a general standard in terms of enforcement, it is the heart of the entire RIIL program. Good sportsmanship, respect for the rules, respect for others, fair play, and ethics are basically the motives through which an interscholastic athletic program is justified and defended.
- O. *As a minimum, the RIIL Principal's Committee on Athletics expects member schools and leagues to have clearly defined and articulated standards of sportsmanship which are enforced at all levels of play. The standards should align with the standards which follow. The standards should be published in the student athlete/parent handbook and in other documents and publications provided by the school. Expectations for spectators should be posted at each contest site and announced when appropriate.*

### Section 2: TAUNTING

- A. If you examine the standards of conduct required in high school athletics compared to the major college and professional levels, you will conclude that the older the athlete is, the more immature that person is allowed to behave.
- B. Routinely, high school athletes will be penalized and ejected from contests for antics that are praised and emulated at higher levels. This is to the everlasting credit of those who lead, coach, officiate, participate in, and watch interscholastic athletics. It is this challenge that the contrast between educational athletics

and so-called higher levels become even more obvious as we raise the standards of what is expected and tolerated in school sportsmanship.

- C. The problem of decaying sportsmanship at all levels of competition is a major concern that needs to be addressed. Misconduct in athletics is a high profile reflection of the general acceptance of disrespect in society. It is a social problem and sports are a microcosm of that problem.
- D. The Principal's Committee on Athletics passed a recommendation of the Sportsmanship Committee to broaden the definition of "taunting" and make it a disqualifying foul in all sports. As a result, officials will be expected to eject players and bench personnel (**including coaches**) for taunting; and the Rhode Island Interscholastic League tournament supervisors will be expected to eject from the premises any spectator who engages in taunting.

E. **The definition of taunting is this:**

- 1. *"Any actions or comments by coaches, players, or spectators which are intended to bait, anger, embarrass, ridicule, or demean others, whether or not the deeds or words are vulgar or racist. Included is conduct that berates, needles, intimidates or threatens based on race, gender, sexual orientation, ethnic origin, or background, and conduct that attacks religious beliefs, size, economic status, speech, family, special needs or personal matters."*
- 2. Examples of taunting by coaches, players or spectators include:
  - a. Any form of "Trash Talk"
  - b. Ethnic or racial slurs
  - c. Physical intimidation outside the spirit of the game
  - d. References to sexual orientation
  - e. "In the face" confrontation by one player to another
  - f. Standing over or straddling a tackled or fallen player
- 3. Noticeable improvement in school sportsmanship will require concerted effort.
- 4. Good sports don't need to wait for other's actions. Good sports already know what is offensive, and what has no more place in school sports than it would have in a school classroom.
- 5. This is educational athletics. We must maintain the highest education standards in all facets of the athletic arena.

F. **OFFICIALS** who are assigned to Rhode Island Interscholastic League contests must enforce the rules regarding sportsmanship without tolerance for abuse. The only warning to participants and coaches regarding sportsmanship should come at the beginning of the contest. Once the contest begins, penalties, not warnings, must be assessed for unsportsmanlike conduct. The Rhode Island Interscholastic League expects that officials will eject any coach who protests an unsportsmanlike conduct call provided by the rules of the sport.

- 1. Each official at a Rhode Island Interscholastic League sponsored event will be provided with a card with the following statement which must read to the **All Team Members** at every contest prior to the beginning of the contest:
- 2. *The National Federation of State High School Associations (NFHS) and your state association require officials to enforce sportsmanship rules. High school athletics emphasize positive values. All of us have worked hard to create a sense of teamwork, respect, responsibility and perspective. We remind you that we expect good behavior and will quickly penalize misconduct. We encourage and appreciate your help. Let this competition reflect mutual respect among all participants, coaches and officials. Coaches please certify that your players are legally equipped and uniformed according the NFHS rules. Good luck and have a great contest!"*

Section 3: Member Schools

A. The following expectations are designed to serve as a guide for member schools and leagues in developing their sportsmanship standards and to define responsibilities.

1. **School Administration** The RIIL PCOA recognizes that the principal is the final authority responsible for all athletic activity of his/her school at all levels of competition. The administration must take a leadership role in developing standards for their school and league and in articulating those standards to their entire school community.
  - a. The PCOA expects all member schools and leagues (whether one sport or multi-sport) to develop, approve, and implement a league-wide code of sportsmanship for athletes, coaches, cheerleaders, and spectators. The code should be based upon and consistent with the standards of sportsmanship developed by the RIIL (see RIIL Sportsmanship Manual for samples).
  - b. All member schools, as a minimum, adopt their league's sportsmanship code as the school's sportsmanship code. Member schools are encouraged to expand the basic league sportsmanship code to further meet their needs.
  - c. League and school sportsmanship codes specifically and directly state the requirement for all athletes, coaches, cheerleaders, and spectators as well as the acceptable conduct to which each will be held.
  - d. League and school sportsmanship codes specifically state expectations: respect for the decisions of game officials and coaches, no taunting, profanity, derogatory language or gestures, no epithets, etc.
  - e. League sportsmanship codes specifically state the penalties that will occur when an individual fails to adhere to the sportsmanship code.
  - f. The code be as widely disseminated as possible using the student-parent handbook, student-athlete handbook, school newspaper, parent newsletter, school web site and the local media.
  - g. The sportsmanship code for spectators be read by PA announcers prior to each contest.
  - h. The sportsmanship code(s) of conduct be prominently posted at all sports venues.
  - i. When event programs are provided, the sportsmanship code be included.
  - j. Member schools work with community officials to insure that levels of good sportsmanship are enforced when contests are held at their school and at non-school facilities.
  - k. The RIIL PCOA insists that rules of good sportsmanship be rigorously enforced at all regular season contests and at all regular tournament contests. This is particularly important when contests are held at non-school sites.
  - l. Schools will conduct a pre-season meeting with student athletes, coaches and parents to review the athletic standards for sportsmanship for the school and league.
  - m. Member schools require having athletes, parents/guardians, sign an acknowledgment which would show that they have read the student-athlete handbook and understand the sportsmanship code, rules of the school and team and RIIL eligibility requirements.
  - n. Inform school who will be representing the school at away events.
  - o. Send letter to parents, student-athletes, students, cheerleaders, coaches, spectators and the media emphasizing the need to support school athletic events and promote the principals of good sportsmanship (see RIIL Sportsmanship Manual for sample letter.) ### Section 3: Scheduling Procedures

- A. Scheduling is a core, essential duty of a high school Athletic Department: The RIIL's scheduling policy is focused on flexible scheduling at the school level, allowing schools to determine a portion of the regular season schedule based on the unique factors impacting their school. The regular season focus is on participation and the goal is to provide every team in our state with the opportunity schedule a competitive regular season regardless of their division.
  - a. Schools experiencing an extreme hardship in a sport can request a lower number of assigned league games to create a schedule that fits the unique needs of their school.
- B. Regular Season Schedule Selection:
  - a. Teams in the 15 sports below have two choices: receive ~50% or receive ~80% of their schedule assigned by the RIIL vs. teams within their division:
    - i. Baseball/Softball
    - ii. Basketball (G/B)
    - iii. Football
    - iv. Ice Hockey (G/B)
    - v. Lacrosse (G/B)
    - vi. Soccer (G/B)
    - vii. Tennis (G/B)
    - viii. Volleyball (G/B)
  - b. Regular schedules in the 17 sports below will be determined by a different set of criteria:
    - i. Cross Country (G/B) – Regional
    - ii. Field Hockey – Hybrid Flexible Schedule
    - iii. Unified (F&S) - Regional
    - iv. Esports – weekly matchups
    - v. Cheerleading (F&W) – Classification/Enrollment
    - vi. Gymnastics – RIIL Classification
    - vii. Indoor Track & Field (G/B) - Regional
    - viii. Swimming (G/B) – RIIL Classification
    - ix. Wrestling – RIIL Classification
    - x. Golf - Regional
    - xi. Outdoor Track & Field (G/B) – Regional
- C. Regular Season Scheduling Details:
  - a. All League games count towards playoff qualification/seeding using a modified Ranking Percentage Index currently used by a vast majority of the other states.
    - i. Schools will select the percentage of league games to be assigned by the RIIL
      1. 80% or 50%
    - ii. Schools have the flexibility to schedule their remaining league games vs. any state association school up to the Minimum number of games to be eligible for the postseason.
    - iii. Schools can customize a portion their schedule to fit their unique needs:

1. Geographic Rivalries
2. Traditional Rivalries
3. Competitive Rivalries
4. Single or Multi-Year Agreements
5. Multi-Sport Agreements (combine transportation)
6. Out-of-State Opponents: By including out-of-state schools as potential opponents for League games that count towards playoff qualification, schools can expand the pool of similar/competitive teams within an acceptable geographic distance.

d. A combination of League and Non-League games can be scheduled by schools at their discretion from the Minimum up to the Game Cap.

- i. Games designated prior to the season as Non-League or Tournament do not count towards the RPI for playoff qualification, but do count towards the game cap.
- ii. League Games must be designated by the approximate deadlines below. Exact dates will be released on a yearly basis:
  1. Fall: August 1<sup>st</sup> , Winter: November 1<sup>st</sup> , Spring: February 1<sup>st</sup>
  - iii. Non-League games can be added at any time up to the Game Cap
  - iv. Out-of-State league games must be sanctioned by the RIIL through the online form the FIRST time an opponent is scheduled, not annually
    1. OOS teams can be reevaluated at the conclusion of a sport season to ensure accurate division placement
- e. The RIIL Assigned Games will all be scheduled on the same days, allowing the entire state to be open at the same time to optimize availability for League Games chosen by the schools.
- f. Teams that do not meet the minimum number of completed games to be eligible for the playoffs at the conclusion of the regular season will be assigned Forfeits in the RPI until they meet the minimum

D. Post-Season Eligibility and Qualification:

- a. Teams within a Division are ranked according to the RPI for playoff seeding.
  - i. Guideline: Playoff qualification will be set at 70% of the teams in a division (80% for Division 1) with final determination established by the Sport Advisory Committee
- b. All designated League Games will count towards playoff qualification by accumulating points according to the Modified RPI.
  - i. RPI standardizes the postseason qualification processes while allowing schools to schedule a portion of their own schedule regardless of their division placement.
  - ii. An RPI is a method to measure a team's strength relative to others, based on a team's league wins and their strength of their schedule in all league games.
  - iii. Scheduling strong opponents and winning games drives the RPI.
  - iv. A major advantage to the RPI is the transparency that comes along with its accuracy. The components of the formula are known, and its results can be replicated.
  - v. The RPI is calculated as the average earned in all league games played. Scheduling more league games does NOT guarantee a better RPI.
  - vi. The RIIL's Modified RPI calculation:
    1. Teams accumulate points based on two criteria:
      - a. WP = W-L percentage in league games played (60%)
      - b. OWP = Strength of Schedule based on Opponent's W-L Percentage (40%)
    2. The RPI weights games vs. each opponent based on their division alignment.
      - a. D1: 10.00, D2: 6.00, D3: 3.60, D4: 2.16, Super (S): 16.00

- b. All sports will use a modifier to award points based on the division of the opponent. This modifier only comes into play when a team wins. Under the modified RPI system, each game is assigned a potential point value based on the opponent's classification. Wins earn the full value below, ties earn half the value, and losses earn no value.
- vii. Scheduling Games vs. Out-Of-State Schools:
  - 3. OOS High Schools who are members of their HS State Association can be designated as a league game and count towards the RPI for playoff qualification.
    - a. NFHS Section 1 approved Associations: Connecticut: CIAC, Maine: MPA, Massachusetts: MIAAA, New Hampshire: NHIAA, New Jersey: NJSIA, New York: NYSPHSAA NYCHSAA, Rhode Island: RIIL, Vermont: VPA
  - 4. OOS High Schools in other associations can be scheduled as non-league games which do not count towards the RPI.
