Participation in High School Sports Hits Record High in 2024-25

High school athletics participation increased by more than 200,000 in 2024-25, continuing an upward trajectory since the pandemic and registering an all-time high for participation. The NFHS High School Athletics Participation Survey indicated that 8,266,244 participants were involved in high school sports in 2024-25, which is up 203,942 from the previous year and tops the previous record of 8,062,302 set in 2023-24. The total includes 4,726,648 boys and 3,539,596 girls – both record highs – according to figures obtained from the 51 NFHS member state associations, which includes the District of Columbia.

The 2024-25 total marked the third consecutive notable increase after numbers fell during the pandemic. Since the initial survey after the pandemic, participation in high school sports has increased more than 645,000 in three years and represents a turnaround from the decline that started the year before the COVID-19 pandemic.

“It is wonderful to see the interest in high school sports reach new heights,” said Dr. Karissa Niehoff, CEO of the NFHS. “The immense value of high school sports is reflected in these impressive numbers. As high school students have consistently demonstrated

RIIL STATE REP: Gerry Valerio - gvalerio@maxpreps.com

- 1. What RIIL initiatives will MaxPreps data power?** MaxPreps is the Official Partner for Sports Statistics to the RIIL. All information entered into MaxPreps can be sent to the RIIL to manage stat leaderboards and much more. In order to manage these initiatives, all RIIL member schools are strongly recommended to enter their team statistics after each game.
- 2. Where do I enter my schedule, score and roster?** Each member school will continue to enter their schedule, scores and roster into the RIIL administrative platform, and that data will be sent to MaxPreps to be displayed on your team pages. Each member school will then be responsible for updating their stats on MaxPreps after each game throughout the season.
- 3. What do Athletic Directors need to do?** Since RIIL member schools need to keep accurate stats on MaxPreps, the AD needs to ensure each team coaching staff has access to enter stats. ADs or any coaches currently not using MaxPreps should contact MaxPreps at 800-329-7324 x1 or support@maxpreps.com to sign up or get access.
- 4. Which sports are included in the partnership?** MaxPreps provides a complete stats platform for nearly all the sports the RIIL offers.
- 5. How do I sign up to get access to my administrative account on MaxPreps for the first time?** Athletic Directors/Coaches can follow [this link on MaxPreps](#) to become a free MaxPreps member and follow the prompts to gain access to your team. Make sure to select "Head Coach or Athletic Director" as your role for the team.
- 6. Can Athletic Directors control their MaxPreps team pages?** Yes! Athletic Directors can control every single team from their free School Administration page on MaxPreps.
- 7. Can coaches allow a team statistician or assistant coach to help manage their team information?** Yes! Once the coach has access to their team admin page, they can give other individuals access to their page to help keep their team information accurate.
- 8. Is MaxPreps compatible with other stat programs?** In addition to MaxPreps own mobile, tablet, and desktop tools, MaxPreps is compatible with over 80 different stat companies across multiple sports. [Click here to view MaxPreps stat partners.](#)
- 9. Does MaxPreps have an app to manage team information?** Yes! Our MaxPreps app is available to download for both iPhone and Android devices at maxpreps.com/apps. ADs and Coaches can update complete schedules, rosters, scores and stats, and also sync their game schedule to their phone's calendar, and more.
- 10. Who can I contact with additional questions?** ADs and coaches may contact RIIL MaxPreps representative Gerry Valerio at gvalerio@maxpreps.com.

MEDIA POLICY

Regular-season Media Reminders

Regular-season games are under the jurisdiction of host schools. Media credentials issued by the RIIL are for RIIL Tournament events ONLY. Therefore, our office instructs anyone requesting media/sideline access at regular-season games to obtain permission through the athletic director and/or school administrator of the host school.

As such, you as the host school have the authority to set the rules regarding the areas you want photographers, journalists and any other media members to have access to (i.e. sidelines, press box, stands, etc) based on your school district's policies and guidelines.

The Raise 365 App is truly a game changer!!

- 1. All sales are done and tracked individually using the app
- 2. Sales are made via text, email, social media and in person using custom QR codes
- 3. Athletes expectations are to gather 20+ adult cell phone contacts.
- 4. Athletes first text all 20 contacts, then enter them into the reminder system and lastly share with parents and ask to share with more people and post on social media.
It is literally as easy as that.
- 5. Once contacts are entered into the reminder system they are stored in athletes app until they are no longer a member of the program. Making future years that much easier.
- 6. Coaches and boosters can message athletes directly through the app.
